WRIGLEY

The Wrigley Company Pty Ltd has launched a support scheme for the dental profession called the Wrigley Oral Healthcare Program (WOHP). It will provide useful information and quality support materials for dental practices about the benefits of saliva and chewing Orbit sugarfree gum in relation to good oral health.

It has long been established that chewing sugarfree gum is an important aid to oral and dental care. Wrigley is the world's leading manufacturer of chewing gum and has pioneered independent clinical research into the beneficial effects of chewing gum on oral health.
